

PRODUCT BULLETIN

Wrabacon, Inc. designs and manufactures a wide variety of quality and innovative custom product handling systems. These include Product Feeders, Pick and Place Systems, Product Merging, Product Dividers, Product Stackers and Destackers, Semi-Automatic Case Erectors, Product Accumulators, Container Handling, Tray Stackers, and Conveyors.

SERVO CONTROLLED OVERHEAD SWEEP REJECT

This servo controlled overhead reject sweep is designed to reject product from either a check weigher, metal detector or X-ray inspection equipment. A signal is sent to rejector, once the article enters the system an overhead paddle sweeps the product into a reject bin. The system can be manufactured either stainless steel or painted steel.
