

PRODUCT BULLETIN

Wrabacon, Inc. designs and manufactures a wide variety of quality and innovative custom product handling systems. These include Product Feeders, Pick and Place Systems, Product Merging, Product Dividers, Product Stackers and Destackers, Semi-Automatic Case Erectors, Product Accumulators, Container Handling, Tray Stackers, and Conveyors.

TOTE DENESTER

Wrabacon custom designed this tote denester to denest plastic totes at a rate of 2 per minute. The totes measured 12 inches wide x 21 inches long and weighed 3.25 lbs. The system was designed to have in queue 40 totes in stacks of 10 high. Equipment supplied within the system included a 36 inch long split belt conveyor, denester, accumulation conveyor, auto load into the denester and full control system.
